

FERGANA MEDICAL INSTITUTE OF PUBLIC HEALTH

Fergana, Uzbekistan

PROSPECTUS

www.fmiph.uz

VISION

Our vision is to be a premier globally recognised medical institute that is dedicated to educational excellence and grooming future leaders for Uzbekistan and the rest of the world. We aim towards a method of training that encapsulates both theoretical knowledge and practical excellence in the perfect balance.

MISSION

We are committed to bring out the best in every student to enable them to face the challenges posed by their professional careers and also get them ready for the rough road of life.

We are committed to developing leaders and entrepreneurs who become essential assets to not only their stakeholders but also to society at large.

INSTITUTIONAL GOALS

Our prime goal is:

- To groom each student to meet the challenges of a dynamic medical field, through a high quality industry endorsed curriculum.
- To enhance the career opportunities for our students through strong collaborations and partnership programmes with various Multinational Corporations (MNCs).
- To develop a world class medical training programme that encapsulates corporate exposure and academic learning.

BB About UZBEKISTAN

Capital: Tashkent

Currency: Uzbekistani so'm

Population: 3.36 crores (2019) World Bank

The Republic of Uzbekistan gained independence in 1991, after being part of the former Soviet Union since 1924, and it has begun its transition to a market economy. Uzbekistan is a presidential republic, and conducts presidential and parliamentary elections on a regular basis. The President of Uzbekistan is Shavkat Mirziyoyev.

Uzbekistan is a doubly landlocked country located in Central Asia that borders the countries of Afghanistan, Kazakhstan, Kyrgyzstan, Tajikistan, and Turkmenistan. Uzbekistan has a varied landscape that includes a rolling sandy desert, mountains along the border with Tajikistan, and the Aral Sea in the west. The government system is a republic under authoritarian presidential rule, with little power outside the executive branch; the chief of state is the president, and the head of government is the prime minister. Uzbekistan has a mixed economy in which there is limited private freedom, but the economy remains highly controlled by the government.

Languages: Some 74.3 percent of the population speaks Uzbek, 14.2 percent Russian, and 4.4 percent Tajik.

Climate: The climate of landlocked Uzbekistan is continental, with hot summers and cool winters. Summer temperatures reach 40°C, averaging 32°C. Winter temperatures reach -38°C, averaging -23°C. Rainfall averages vary between 100 millimeters per year in the northwest and 800 millimeters per year in the Tashkent region. Precipitation falls mainly in the winter and spring.

Time Zone: Uzbekistan's time zone is five hours ahead of Greenwich Mean Time.

About FERGANA CITY

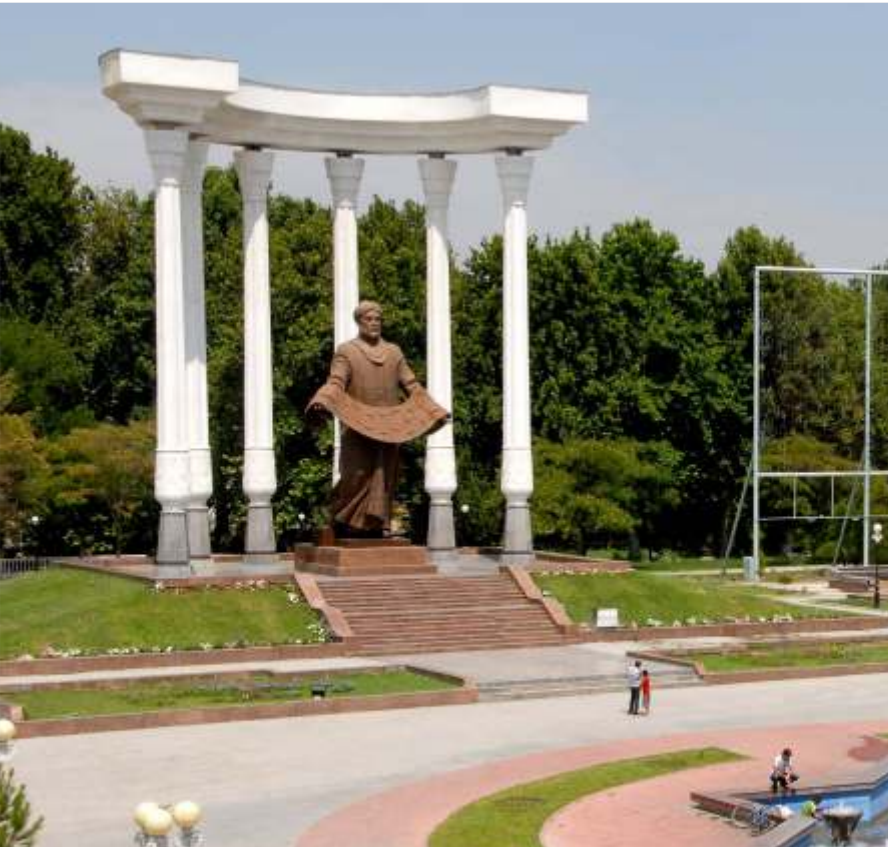

Elevation : 590 m
Weather : 28°C, Wind W at 18 km/h, 24% Humidity
Population : 2.71 lakhs (2016)
Region : Fergana Region
Established : 1876

Fergana, or Ferghana, is the capital of Fergana Region in eastern Uzbekistan. Fergana is about 420 km east of Tashkent, about 75 km west of Andijan, and less than 20 km from the Kyrgyzstan border. While the area has been populated for thousands of years, the modern city was founded in 1876. Fergana region is one of the centers of ancient culture of Uzbekistan. Pictures of Stone Age settlements and rocks found in the area, stone tools indicate that people have lived in the valley since ancient times. Excavation of the Greater Fergana Canal has played an important role in the study of archeological monuments of the region. During the excavation of the canal, monuments of the Bronze Age, slavery and landownership were found and examined. Finds from the

5th century BC and early Middle Ages in the city of Kuva are well researched. Historical sources from the 10th to the 11th centuries state that this city was the largest city in the valley after Akhsikat in terms of prosperity and size. Archaeological materials prove that the city of Margilan was a large village in the 10th century and took on the appearance of a village in the 11th-12th centuries.

INDUSTRY

At present, 38 large industrial enterprises, 7930 small industrial enterprises, 446 joint ventures include the Fergana Oil Refinery, the Azot Production Association, the Quvasoy Quartz Joint-Stock Company, the Eurasian TAPO-Disk, Avtooyna, and DEU Textile joint ventures. They export oil, cotton, food, canned goods, construction materials, car discs, spare parts and agricultural products and other products to foreign countries.

SPORTS

In 1991, there were only 17 stadiums in Fergana region, now there are 46, 759 football fields, 33 modern tennis courts. In May 2016, the final stage of the Universiade-2016 was held in Fergana.

EDUCATION

Today, 946 secondary schools, academic lyceums, 1,870 preschool education institutions and 20 libraries operate in the region. There are 5 higher education institutions in the region: Fergana State University, Fergana Polytechnic Institute, Kokand State Pedagogical Institute, Tashkent University of Information Technologies Fergana branch, Tashkent Medical Academy Fergana branch.

FERGANA IS THE LIFE OF MBBS.

In 2013-2015 it was headed by Doctor of Medical Sciences EZIsokov, in 2015 - MTBotirov. Since 2016,

BB Welcome in FERGANA MEDICAL INSTITUTE OF PUBLIC HEALTH

Fergana medical institute of Public health is a renowned university of Uzbekistan. It is a government medical university, founded in 1930 in Fergana city of Uzbekistan. It was initially established as a medical center but as per the executive order of the cabinet ministers, it had received the status of Fergana state university in 1991. Since then the institution went through several structural changes. At present, Fergana Medical University has 147 professors in 19 different departments. Some of them have Ph.D. scholars, experienced doctors, associate professors.

Fergana Medical Institute of Public Health has introduced the latest technologies in its teaching methods. It offers various faculties for the medical students including General Medicine, preventive medicine, higher nursing, biomedical engineering, and many more.

Currently, around 250 students are studying medicine from countries like India, Kyrgyzstan, Tajikistan, Afghanistan, Russia, Nigeria. Hence students get the chance to study in an environment with a great diversity of students.

Sh.A. Normatova has headed the scientific field. Fergana Medical Institute of Public Health has signed agreements with more than 30 higher education institutions around the world and maintains regular cooperation in the field of education, science and enlightenment. In 2013-2015 it was headed by Doctor of Medical Sciences E. Z. Isokov, in 2015 - M. T. Botirov. Since 2016, Sh.A. Normatova has headed the scientific field. Fergana Medical Institute of Public Health has signed agreements with more than 30 higher education institutions around the world and maintains regular cooperation in the field of education, science and enlightenment.

INFRASTRUCTURE

CLASSES

In FMIPH, Lecture Hall and Rooms are architecturally and aesthetically well designed and are well ventilated. The furniture in the rooms is specially designed for comfort sitting of the students. In addition to the traditional blackboards, to make the teaching-learning process multidimensional, multimedia over-head projectors and LCD projectors are used. Moreover, the faculty adopts not simply the traditional lecture methodology, but also holds group discussion, quiz session, debates and other learner-centered modules. Various other audio-visual aids are also used to enrich the teaching learning processes.

AUDITORIUM

The campus is well equipped with multiple-aisle air-conditioned auditorium with all latest equipment to host various academic and social activities, conferences, seminars etc. With a seating capacity of more than 2000 guests the institute's auditorium is fully air-conditioned and well equipped with proper facilities.

- Comfortable Chairs
- Big LCD Screen
- LCD Projector
- Sound System
- Wi-Fi Connectivity etc.

CONFERENCE ROOM

The University has well-furnished conference hall to conduct various academic activities like group discussions, interactions, EDPs, seminars, presentations and conferences. It also allows for a variety of setups for break-out sessions, workshops, or retreats. The infrastructure has been designed with the modern techniques to provide students with a realistic feel of corporate and business meetings.

LIBRARY

Fergana Medical Institute of Public Health (FMIPH) library is one of the best reference Library & information centre in the field of medical sciences in Uzbekistan having huge repository of books, bound journals, thesis and online journals in the field of medical sciences. Supported by large well-ventilated reading-room this library acts as a main learning resource center of the Institute.

LABS

The University has well occupied air-conditioned laboratory with all the latest equipment to carry out clinical experiments to obtain information about health of a patient to aid in diagnosis, treatment and prevention of disease. The laboratory is also equipped with different manikins. These manikins, also known as virtual patients, have similar weight distribution as that found in humans. Our lab has manikins for skills such as CPR, intramuscular injection, catheterisation, suture procedure etc. We organise hands-on training sessions for students throughout the year.

HOSTEL

FMIPH provides separate hostel facility for both boys & girls. The hostels with 1500 bed capacity are equipped with all latest amenities for a comfortable and homely stay. Students are required to pay extra for availing these facilities according to the hostel norms.

Salient Features

- Hostel offer single and twin sharing room including all major meals and Indian Foods
- Comfortable bed with mattress, study table, and storage
- Wi-Fi Internet
- In house cafeteria with Indian Foods
- AC Lounge
- TV with Digital Cable
- Magazine and newspaper facility
- Indian mess with all the ingredients of India never makes you feel that you are far away from your home.

Our foreign colleagues presented us with 100 English-language books in various specialties..

Departure

How to APPLY

APPLY

Submit your application form along with the necessary documents:

STEP 01

- Application form
- Academic qualifications/school reports
- English proficiency document
- Passport
- NEET Score Card

STEP 02

RECEIVE OFFER

Successful applications will receive an Offer of Admission

STEP 03

ACCEPT AND PAY

Make Payment

STEP 04

INVITATION LETTER

Receive invitation letter for study visa

STEP 05

APPLY FOR VISA

You are now ready to apply for your student visa

How to Reach

Step 1: 2 Hrs 30 Min Flight from Delhi to Tashkent

Step 2: From Tashkent to Fergana 30 min Flight

Bus (Travel Time approx. 6 Hrs.)
